TIP IT®

5+ | 2-4

CONTENTS:

1 Base, 1 Tripod, 2 Balancing Poles, 2 Balancing Perches
2 Balancing Rings, 1 Balancing Tip It®!, 3 Pegs, 3 Spindles
1 Lifting Fork, 27 Scoring Disks, 1 Spinner, Label Sheet

ASSEMBLY DIAGRAM

⚠ WARNING:
CHOKING HAZARD – Small parts.
Not for children under 3 years.

SET UP: (see diagram)

1. Apply labels to Tip It®.
2. Place 3 Scoring Discs on each Spindle Peg (3 Spindles total) alternating the three colored discs so the same colors do not touch.
3. Assemble Tip It® as shown in diagram. For best results, assemble Tip It® Base, place Discs on Spindle, while holding Tripod, place Spindles on Tripod.
4. Place Balancing Tip It® on the Perch on top of the Long Pole.

PLAYING THE GAME:

1. Youngest player goes first.
2. Spin the Spinner and note where the pointer stops.
3. Using the Lifting Fork, try to remove that Color Disc from any of the 9 locations, without causing the Balancing Tip It® to fall. If other discs are in the way, you must move them to a different location. No discs should touch the table other than the Color Disc you have selected. If you drop a disc that you are moving to a different location, you must return it to the Spindle and you lose your turn. You may not steady or touch the Tip It® game with your hand during play.
4. Play continues in a clockwise direction.
5. If you spin a color and there are no discs of that color, then you lose your turn.

SKIP AND PUT ONE BACK:

If the spinner lands on the Skip space, you lose your turn and the next player goes.

If the spinner lands on the Put One Back space, you must return one of your colored disks to a spindle. If you don't have a disc yet spin again.

TOPPLING THE BALANCING TIP IT®:

If you topple the Balancing Tip It® during your move, the game is over and the player with the most discs of the same color is the winner. Note: If you topple the Balancing Tip It® you cannot win even if you have the most discs.

WINNING THE GAME:

The first player to get 3 discs of the same color wins.
