INSTALLATION

INTRODUCTION

To provide support for wrists during examination and general procedures.

NOTE

9A311001 Wrist Rest Kit can only be used on Models 419-003, 004, 005, and 006 with the new triple articulating headrest.

- Remove hole plugs from head rest.
- Hand thread each wrist rest assembly into mounting holes.
- Tighten wrist rest assembly using a 3/8" wrench.
