THE FOOT FIXER[®]

by clairol

superior foot care system

use and care book

IMPORTANT SAFEGUARDS

Read All Instructions Before Using This Appliance.

When using The Foot Fixer, basic safety precautions should always be followed, including the following:

1. DO NOT use this appliance with a damaged cord or plug, or after the appliance malfunctions or has been dropped or damaged in any manner. Return to the nearest authorized service center for examination and repair (see service and warranty section for service center locations).
2. DO NOT pull this appliance by the supply cord and DO NOT use the cord as a handle.
3. DO NOT leave the appliance unattended when it is operating.
4. DO NOT stand on the unit. Use only when seated.

5. Always unplug the unit from the outlet when not in use, and when filling or cleaning. Fill with tap water only.

6. Use product only on ordinary household current (110-120 volt 60 cycle AC).

7. This appliance is not intended for commercial use. Use only for the intended purposes as described in this manual.

8. Use indoors, on flat level surface only.

9. Always use close supervision when this electrical product is used by or near children or invalids.

10. Discontinue use of this appliance if discomfort, irritation or pain results. DO NOT use on swollen or inflamed feet, or feet with skin eruptions. Consult your physician.

11. Never immerse the unit in water.

SAVE THESE INSTRUCTIONS

THE FOOT FIXER®

a superior system designed with professional-type features to soothe tired, aching feet.

unique thermostatically controlled heater lets you maintain the temperature of the water you add in The Foot Fixer for as long as you want. If you add 95°-100° water, that temperature will be maintained. Enjoy the soothing heated water alone, or accompanied by a comforting massage. (Note—Unit will *not* raise water temperature.)

easy-to-use 4-way control dial gives you the flexibility of selecting a variety of operations with just a twist of the wrist: Massage without Heat... Massage with Heat... and Heat without Massage, and of course, Off.

massaging arch rests with 322 Vibra-Fingers™ stimulate local foot zones with an invigorating action that leaves your feet tingling with pleasure. The special vibratory water massage relaxes and refreshes tired, tense feet.

massages with or without water as you prefer.

how to operate **THE FOOT FIXER[®]**

The Foot Fixer has been designed for operating ease and convenience. Simply follow these easy steps.

1. Fill The Foot Fixer to the water line indicator with warm water. (If you prefer, you may use the unit without water, for massaging action only.)
2. Place The Foot Fixer on the floor in front of your favorite chair. Non-skid rubber feet on the bottom of the unit will prevent slipping or marking of the floor surface.
3. Remove the cord from the cord compartment and plug it into any convenient 110-120 AC outlet. Be sure to keep the cord out of your way.
4. To start The Foot Fixer, turn the 4-Way Control Dial to the desired setting:

Massage when you want massaging action alone—with or without water. This setting causes the arch rests to start their vibrating motion.

Heat And Massage to add warmth to your vibratory water massage. The setting assures that the thermostatically controlled heater will continuously maintain the temperature of the water you add. (Note—Unit will not raise the temperature of the water you add.)

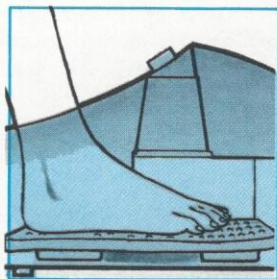

Heat if you prefer heated water without massage. This setting is ideal for soaking the feet in comforting warm water. The heater will maintain the proper water temperature eliminating the need to keep adding hot water. (Heat only with water.)

Off turns all the actions off. Be sure to switch to this setting before unplugging or emptying The Foot Fixer of water (if any) and putting the unit away.

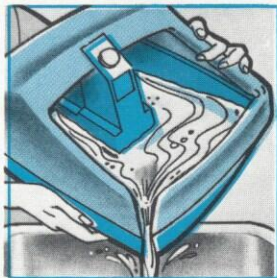

5. Sit down and place your feet on the Massaging Arch Rests. (Notice how these arch rests are specially shaped to follow the natural curve of the foot.)

Press lightly on the arch rests to increase the intensity of the massaging action.

6. Relax and enjoy the soothing, stimulating action of The Foot Fixer. (If you like, you may add your favorite bath salt.)

7. After relaxing and refreshing the feet, turn the dial to OFF. Unplug the cord and push it back into the cord compartment.

8. To empty the water, tip The Foot Fixer toward either of the dual drain spouts.

9. After using the product, simply rinse out with water. If you wish, from time to time, clean The Foot Fixer with a mild detergent and water. No additional maintenance is required.

10. Store The Foot Fixer in a closet or bathroom cabinet by standing it end up on its built-in space-saving storage stand.

Full One Year Warranty

The Foot Fixer® by Clairol is warranted against defects for one year from date of purchase.

If any malfunction occurs, do not use The Foot Fixer. Clairol Inc. will repair or replace it at no charge to you. Simply mail The Foot Fixer postage paid to the below location most convenient to you. Be certain that your Foot Fixer is wrapped carefully when mailing.

Your warranty will be void if malfunction resulted from damage or unreasonable use while in your possession. To assure prompt service, please include a letter indicating the specific cause for returning the unit to one of the following addresses:
