● Specification

Input	DC12V=1.25A 9V=2A 5V=2A
Output	5W/7.5W/10W/15W
Size (L*W*H)	97.5*62*20.5mm
Charging Induction Distance	≤4mm
Charging Efficiency	80%
Material	ABS+PC+Aluminum alloy

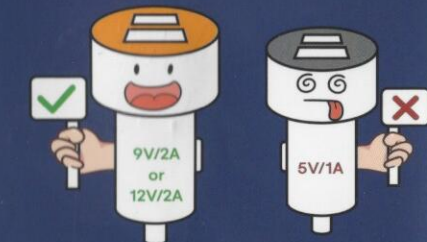

● Product Overview

- 1 Metal Frame Auto-clamps
- 2 Bottom Bracket
- 3 LED Indicator
- 4 Wireless Charging Coil Area
- 5 Release Button
- 6 Type-C Charging Port
- 7 Nut

During use, please make sure that the charger will not be powered off (like the adapter loose), otherwise the automatic arm will open automatically, causing the phone to fall.

HOW TO MAKE IT CHARGE EFFECTIVELY?

- 1 Choose the right adapter: a 9V/2A or 12V/2A QC 3.0 car charger adapter (NOT INCLUDED) is required for fast charging. ZEEHOO 45W car charger is RECOMMENDED.

- Using multiple ports on the same adapter can slow down charging.

- 2 Choose the correct case: a case that is flat and up to 3mm is required for fast charging.

- ✓ Rubber Case ≤ 3mm
 - ✗ Other cases won't fit me and will cause me to overheat
- Case ≥ 3mm Ring Holder Cards Metal

- 3 Use the included charging cable.

- ✓ Always use the included USB cable
- ✗ Other cables won't work well with me
