Building Guide

Building Guide

The models in this booklet are organized by building difficulty - from the easiest to the hardest.

Some of the models in the booklet can be built by following our step-by-step images. Other models can be built by looking at the image of the completed model and figuring out how to build it yourself, which is good for developing creative problem-solving skills.

You can also build many more things than included in this guide. The possibilities are endless!

2D models

① Flower A

② Swan

③ Rocket

④ Ice cream

⑤ Duck

⑥ Star

⑦ Dinosaur

⑧ Cat

⑨ Cat's head
